

Trade name: Plastic Care	
Product-number: 101	Date: 01.01.2002
Producer / supplier: Parasol Inc.	
Date of revision:	

1 Substance/Preparation and Producer/Supplier information:

1.1 Trade name: Plastic & Leather Care
1.2 information's concerning producer/supplier:
Parasol Inc. 252 A Broadway Ave, Toronto, On, M4P 1V9

2 composition / declarations of the ingredients:

chemical characterisation:	X substance	X preparation
Mixture of saturated hydrocarbons and long carbon chain esters		

3 possible hazards:

irritates the eye at direct contact

4 first aid:

after contact with the eye rinse 10 minutes with clear water – if irritation consult ophthalmologist.

5 measures in case of fire:

extinguish with: CO ² powder	not suitable: Water
--	----------------------------

6 Precautionary steps in case of an accident:

take up with absorptive material and dispose, may be disposed like normal domestic waste.

7 handling and storage:

7.1 handling : no special rules, not a hazardous preparation
7.2 storage : do not store together with food, Avoid direct sunlight and protect from heat.

Trade name : Plastic Care	
Product – number : 101	Date: 01.01.2002
Producer / supplier : Parasol Inc.	

8 limits of exposition and personal protection equipment:

8.1 further information concerning the equipment of technical plants: none
8.2 compounds with exposition limits which are to control : none
8.3 personal protection equipment : not necessary

9 physical and chemical properties:

9.1 appearance: form: liquid color: white odour: mild, typically
9.2 relevant facts for safety: pH – value: not applicable change of appearance: Melting point: N/A boiling point: not applicable flash point: over 350°C flammability: hardly ignitable explosive limit: not applicable specific gravity: ca. 0,8 g/cm ³ at 20°C
9.3 further declarations: not available

10 stability and reactivity:

10.1 thermal decomposition beginning at 360°C – cracking. No dangerous decomposition products known. No dangerous chemical reactions known.
--

11 declarations to the toxicology:

11.1 with regard to the fundamental rules of safety provisions for workers and industrial hygienic, a injury to health is not to be expected.

Trade name: Plastic Care

Product – number: 101

Date: 01.01.2002

Producer / supplier: Parasol Inc.

12 declarations to ecology:

weakly hazardous to water. Recover from waste water by grease separator.

13 information's concerning the disposability:

Do not dispose together with domestic waste. Recover from waste water by grease separator.

14 declarations to the transport:

14.1 not a dangerous good

15 rules / regulations:

15.1 the product is not to sign as dangerous after German Gefahrenstoffverordnung v. 01.10.1986

15.2 national regulations:

not a dangerous product in the sense of national regulations

15.3 further comments:

not a hazardous preparation in the sense of industrial hygienic and national laws.

16 comments:

The SAFETY DATA SHEET (SDS) is intended to give information's about the storage, handling and transport of chemical compounds and preparations and about physical, toxicological, ecological and safety data. In a suitable manner the SDS should give information's to protect humans and environment. The SDS is intended for the handling of chemical substances and preparations as well as natural products and mineral oil products.

The SDS is not intended for the end user

All information in this SDS reflect the actual knowledge of the author and does not represent a contractual warranty.
